## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Atty. Susan Bailey on February 26, 2004.

The application has been amended as follows:

In The Claims:

Please replace the first paragraph of the claim 1 (lines 2-4) with:

"a substrate having first and second opposing sides, each of said sides having a predetermined-size groove with an adjacent circuit pattern, said grooves being arranged on said opposing sides of said substrate such that said grooves do not overlap with each other;"

Please delete the phrase "each of", on line 6, claim 1.

Please replace element "chips" with "chip", claim 1, line 6.

Please delete the phrase "each of", claim 1, line 10.

Please replace element "chips" with "chip", claim 1, line 10.

Please replace the two elements "chips" with "chip", claim 1, line 15.

Please replace element "chips" with "chip", claim 1, last paragraph (page 3 of the amendment), line 1.

Please replace element "chips" with "chip", claim 1, last paragraph (page 3 of the amendment), line 2.

Please replace the last appearance "the" with "a respective circuit", last paragraph (page 3 of the amendment), line 2.

Please replace the element "patterns" with "pattern", last paragraph (page 3 of the amendment), line 3.

***Allowable Subject Matter***

2. Claims 1 and 4 are allowed.
3. The following is an examiner's statement of reasons for allowance:

After carefully reviewed the Applicant's arguments and newly amended claims in paper filed 1/7/04, and updated prior art of record, the Examiner finds that the Applicants' arguments and newly added limitations are reasonable and strongly persuasive. Therefore, they place the application in condition for allowance. The primary reason for the indication of the allowability of claims 1 and 4 is the inclusion therein, in combination as currently claimed, of the limitation of the stack chips that integrated in the grooves which are formed on the both side of the substrate and do not overlap with each other. This limitation is found in the above claims and is neither disclosed nor taught by the prior art of record, alone or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Nathan W. Ha whose telephone number is (571) 272-1707. The examiner can normally be reached on M-TH 8:00-7:00(EST).
